Resolution No. 2026-1

A Resolution of the Board of Directors of the Bolinas Community Public Utility District Determining that the Repair of an Existing Public Bike Path is Categorically Exempt from the California Environmental Quality Act (CEQA)

WHEREAS, the Bolinas Community Public Utility District (“District”) proposes to undertake repairs to an existing public bike path located on District-owned property adjacent to Mesa Road in Bolinas, California; and

WHEREAS, the bike path was originally constructed pursuant to a valid Coastal Development Permit issued by the County of Marin, and the proposed repairs will not expand the path’s footprint or change its intended use; and

WHEREAS, the project is funded by a grant from California State Parks and involves resurfacing and maintenance to restore safe public access; and

WHEREAS, the California Environmental Quality Act (CEQA), Public Resources Code §21000 et seq., and the CEQA Guidelines (California Code of Regulations, Title 14, §15000 et seq.) provide categorical exemptions for certain classes of projects that do not have significant environmental impacts; and

WHEREAS, the proposed bike path repair qualifies for a Categorical Exemption under CEQA Guidelines Section 15301, which exempts the operation, repair, maintenance, or minor alteration of existing public facilities involving negligible or no expansion of use; and

WHEREAS, the District has reviewed the proposed project and determined that it does not trigger any exceptions to the use of a categorical exemption under CEQA Guidelines Section 15300.2, including location in environmentally sensitive areas or unusual circumstances.
