Project Title: Storm Drain Pump Station Short Term Repairs Phase 1 Project, Project No. 25-303

Project Applicant: Town of Corte Madera Public Works

Project Location - Specific:

Existing storm drain pump station facilities within Corte Madera, California

Project Location - City: Corte Madera Project Location - County: Marin

Description of Nature, Purpose and Beneficiaries of Project:

The project consists of repair and replacement of electrical and control components at existing storm drain pump stations. Improvements include replacement of level sensors, controllers, electrical panels, wiring, conduits, and related equipment within existing facilities. The project does not expand system capacity or change operational use. The purpose of the project is to improve reliability of the Town's storm drain pump stations and reduce the risk of equipment failure during storm events. The beneficiaries include Town residents, businesses, and public infrastructure that rely on effective stormwater management and flood protection.
