Project Title: Plan Bay Area 2050+ (Regional Transportation Plan/Sustainable Communities Strategy for the Nine County San Francisco Bay Area)

Project Applicant: Metropolitan Transportation Commission/Association of Bay Area Governments (MTC/ABAG)

Project Location (include county): San Francisco, Marin, Contra Costa, Solano, Alameda, Napa, San Mateo, Sonoma, and Santa Clara Counties

Project Description:

Plan Bay Area 2050+ is designed to serve as the 2026 Regional Transportation Plan/Sustainable Communities Strategy (RTP/SCS) for the San Francisco Bay Area. In addition to the focus on transportation and land use, Plan Bay Area 2050+ incorporates economic and environmental issues into the plan; taken as a package, the plan identifies a suite of integrated strategies that will enable the Bay Area to accommodate future growth and make the region more equitable and resilient in the face of unexpected challenges. The plan also identifies regional transportation planning needs, priorities and funding, and allows project sponsors to qualify for federal funding for public transit, streets and roads, and bicycle and pedestrian facilities. The plan further identifies needs and revenues for affordable housing, environmental resilience, and economic development as a best practice. Plan Bay Area 2050+ seeks to ensure that the Bay Area is more affordable, connected, diverse, healthy, and vibrant for all by the year 2050.
