Project Title: Seeger Dam Geotechnical Investigation

Project Location: Nicasio, unincorporated area

Project Location – County: Marin

Project Description: The Marin Municipal Water District is proposing to conduct a geotechnical investigation utilizing seismic refraction, and boring samples to evaluate subsurface conditions located at the Seeger Dam and nearby Nicasio reservoir area to determine the embankment conditions.

Public Agency Approving Project: Marin Municipal Water District

Name of Person or Agency Carrying Out Project: Marin Municipal Water District

CEQA Exemption Status: Class 1-Existing Facilities Section 15301(b), and Class 6- Information Collection (CCR, Title 14, Sec. 15306 (C)),

Reason for Exemption: This project qualifies for exemption pursuant to Section 15301(b) of the CEQA Guidelines inasmuch as it is an existing public-owned facility used to provide public utility services involving negligible or no expansion of capacity. This project also qualifies for exemption pursuant to Section 15306(c) of the CEQA Guidelines inasmuch as it will not result in a disturbance to an environmental resource and is for information gathering purposes that may lead to a future action, which has not been approved, adopted, or funded. Additionally, none of the applicable exceptions to this exemption, as identified under CCR, Title 14 section 15300.2, are valid for this project, including location, cumulative impact, and significant effect due to unusual circumstances, scenic highways, hazardous waste sites, and historical resources.

Project Approval: N/A.
