

Marin Data Notebook 2026

What is the Data Notebook:

The Data Notebook is a structured format to review information and report on aspects of each county's behavioral health services. A different part of the public behavioral health system is addressed each year, because the overall system is large and complex. This system includes both mental health and substance use treatment services designed for individuals across the lifespan.

Time period: July 1, 2024-June 30, 2025

2026 Topic: CBHPC 2026 Data Notebook: Focus on Foster Youth and their Needs for Behavioral Health, Social Services, and Support for Complex Medical Needs

Due Date: October 12, 2026

Who will complete and turn in: Leigh Steffy, Senior Department Analyst

Goals for Tonight:

- Review Data together
- Elicit recommendations

Questions for the Board:

In the past year, has your board/commission had any agenda items focused on foster youth? If yes, what are some examples of such agenda items?

-
-

What are the top 3 comments and/or recommendations you would like to make about the services for foster youth in your county?

-
-
-

1. Does your county track the number and type of Medi-Cal Services provided to foster youth?

- **Yes**

2. Does your county track the number and type of NON Medi-Cal funded Services provided to foster youth?

- **Yes**
