

CCL01088 Service Maps

September 28, 2020

Service Improvement Objective

The green shaded area shows the general area for wireless service improvements addressed by this application.

In order to achieve the service goals as defined, at&t network engineers considered site locations in the area defined by the red circle

Existing Surrounding Sites

September 28, 2020

- Site will be installed with 4G and 5G capable radios which provides voice calls and high-speed internet to wireless AT&T subscribers.
- Site also includes a FirstNet radio dedicated to public safety agencies and first responders, allowing them to get more information quickly and helping them to make faster and better decisions.
