

Contractor: Low Carbon Concrete Compliance Form Cement Limit Pathway

Project Name:

Project Address:

Permit Number:

List all unique concrete mix designs used on this project below. Quantity of cement poured must be equal or less than the amount specified in the original permit to build. **Submit this form with batch receipts for all concrete poured in order to have permit hold lifted.**

Ready-Mix Design Number (from batch receipt)	Specified Strength (psi)	Quantity of Ordinary Portland Cement Poured (lbs/cyd)	Supplementary Cementitious Materials (SCMs) (lbs/cyd)	Volume of Concrete Poured (cyd)	High Early Strength? (y/n)
<i>ex. AA-1234</i>	<i>ex. 3000</i>	<i>ex. 410</i>	<i>Ex. 151</i>	<i>Ex. 16 yards</i>	<i>Ex. N</i>

Declaration of Compliance

I hereby certify that all concrete mix designs used in this project comply with the Marin County Low Carbon Concrete Ordinance, per Marin Building Code Chapter 19.07.050, using the cement limit pathway. I understand that compliance will be verified at time of inspection.
