

MARIN COUNTY FLOOD CONTROL & WATER CONSERVATION DISTRICT

**Corte Madera Creek Flood Risk Management Project
Request for Qualifications and Proposal for
Alternatives Study and Preliminary Design Update
Amendment 2 – Issued September 18, 2026
Robin Bartlett, Assistant Director**

A handwritten signature in blue ink, appearing to read "RNB", located to the right of the printed name "Robin Bartlett, Assistant Director".

The District has received requests for an extension on the qualifications and proposal submittal deadline. We recognize this is a complicated project site, with a significant amount of previous design effort and historical information requiring review.

In order to solicit more detailed and thorough proposals, the District would like to amend the Request for Qualifications and Proposal submittal deadline with the following language changes:

Page 1 of 18, Cover sheet, bottom, the previous due date to be deleted:

~~September 28, 2026 by 4 p.m.~~

And, the above deleted due date, replaced with the following extended due date::

October 12, 2026 by 4 p.m.

Similarly page 4 of 18, Timeline of Events Table, rows 5-6, Proposal Submission Deadline and Evaluations and Identification of Preferred Consultant shall be deleted and replaced with:

**Proposal Submission Deadline
Monday, October 12, 2026 - No later than 4:00 PM Pacific Time**

**Evaluations and Identification of Preferred Consultant
Friday, October 30, 2026 (Tentative)**

Additionally, the District would like to inform the interested consultants that the mandatory pre-proposal site visit attendance list and contact information is now available on the link provided to the Project Documents.
