I. BACKGROUND

County of Marin Department of Health and Human Services

In 2018, Marin County Health and Human Services (HHS) launched a strategic plan to achieve health and wellness equity in Marin. While income, education, and other socioeconomic and cultural factors play key roles in shaping outcomes in our communities, the direct effects of racism – whether covert or overt, intentional or unintentional, systemic or individual – must be acknowledged and addressed to achieve equity. Research demonstrates independent associations of racial discrimination on driving inequities, including downward mobility.

Central to our efforts on leading with race to achieve equity is treating clients respectfully and with cultural humility. HHS commits to systematically expanding this work throughout the Department and to support contracted service providers to do the same. By deepening our understanding of how individuals experience accessing and receiving services and understanding how services result in outcomes by race and ethnicity, HHS and contracted service providers can identify opportunities to improve service delivery.

The [2025–2028 HHS Strategic Plan](#), Future Forward: Redefining Health and Wellness in Marin County, outlines key priorities and commitments to guide the department's work. The plan emphasizes:

- Using data to identify and address disparities
- Engaging communities in shaping solutions
- Supporting staff and partners in delivering culturally responsive services
- Collaborating across sectors to reduce barriers and promote equity-driven change

These commitments are organized around five strategic priorities:

1. **Advance Racial Equity** – Lead with race to address and reduce systemic disparities
2. **Improve Community Conditions and Services** – Expand access to inclusive, place-based services
3. **Foster Community Partnerships** – Strengthen collaboration and trust with community organizations
4. **Optimize Workforce** – Build and support a diverse, resilient HHS workforce
5. **Boost Data Collection and Analysis** – Leverage data to support equity and continuous improvement

This strategic plan reflects both the department's ongoing efforts and the input of community members, staff, and partners. It builds on prior achievements while setting a course for equitable and effective health and human services delivery throughout Marin County.

A. Overview

Marin County Department of Health and Human Services (HHS), Divisions of Homelessness and Coordinated Care (HCC) and Behavioral Health and Recovery Services (BHRS), are seeking to create a pool of eligible applicants consisting of one or more providers to deliver coordinated housing-focused outreach services that provide direct field engagement, safety, stabilization, and connection to housing and homeless, behavioral health, public health, and social service supports.

Outreach efforts will be structured across a total of five (5) teams as follows:

- Four (4) geographically focused teams in designated areas of Marin County serving individuals and families across the lifespan
- One (1) countywide Youth and Young Adult (YYA) outreach team focused on unaccompanied youth (ages 12–17) and transitional-aged youth (ages 18–24).

Applicants may choose to support one or more geographically focused outreach teams or the youth outreach team, or any combination of these options. Geographic team areas are: (1) Novato, (2) San Rafael, (3) Southern Marin (Sausalito, Mill Valley, Tiburon, Belvedere), and (4) Central/West Marin (Larkspur, Corte Madera, San Anselmo, Fairfax, Ross). Each geographic area also includes any County unincorporated territory, State land, or body of water commonly understood to be associated with the County or an incorporated municipality. The Youth Outreach Team covers all incorporated and unincorporated areas of the County.

Outreach teams funded through this RFP will conduct proactive, field-based engagement and serve as a bridge into the coordinated homeless system of care and behavioral health continuum, including Coordinated Entry access/assessments, linkage to shelter and housing pathways, and rapid connection to substance use services (including medications for addiction treatment when indicated and desired), as well as referrals to CalAIM Enhanced Care Management and Community Supports when appropriate.

This opportunity is open to organizations of varying sizes with demonstrated experience providing outreach, housing navigation, and engagement services with people experiencing homelessness, including youth/young adults.

Only one proposal may be submitted from a single bidder. Collaborative proposals that show a strong inter-agency partnership to develop a robust program that does not lead to excessive administrative costs; duplicative or fragmented services are highly desirable.

When preparing a proposal in response to this request, please:

- Carefully read the entire RFP document before you start and make sure that all procedures and requirements of the RFP are accurately followed and addressed.
- Review answers to questions posted by bidders at the Bidders' Conference and/or questions and answers from website, as noticed in this document.
- Carefully review the entire proposal prior to the submission and follow the instructions provided in this RFP to make sure everything has been completed.
- Submit a complete proposal by the required deadline.

B. Underlying Philosophies

Housing-focused street outreach is an engagement strategy that prioritizes connecting people experiencing unsheltered homelessness to lifesaving, person-centered, and culturally responsive housing, mental health and substance use, public health, and social services and resources while actively working toward stable and permanent housing solutions. A copy of the evidence-based framework and training opportunities are located at: <https://endhomelessness.org/resources/toolkits-and-training-materials/housing-focused-street-outreach-framework/>

The County's homelessness response is grounded in Housing First, person-centered engagement and a Coordinated Care approach. Coordinated Care is a commitment by Marin Health and Human Services and its contracted partners to ensure that individuals and families experiencing homelessness are connected to all entitlements and services available through HHS. The County expects outreach teams to build trusting relationships through consistent field presence; respond to immediate needs when appropriate; serve as a critical link in the pathway to housing and connecting vulnerable individuals and families to basic mental health, substance use, public health, and social services and supports in a dignified manner.

All outreach services must be aligned with the broader County Homelessness and Coordinated Care system and Behavioral Health and Recovery Services (BHRS) system of care.

Outreach services funded through this RFP must be voluntary, respectful, and non-coercive, and delivered using:

- Trauma-informed care
- Harm reduction
- Motivational Interviewing
- Culturally responsive practices that reduce racial and ethnic disparities

The Housing Focused Outreach Teams will also be responsible for conducting targeted, on-going field-based outreach that engages individuals living with substance use disorders (SUD) and facilitates rapid access to low-barrier substance use treatment, including Medications for Addiction Treatment (MAT). The Outreach Teams can either provide rapid access to MAT directly or through referrals to existing programs.

Additionally, the County expects Outreach Teams to develop strong partnerships that support warm handoffs to: housing pathways matched with client needs through the Coordinated Entry system; behavioral health and substance use services (including medication-assisted treatment for opioid, alcohol, and/or tobacco use disorders when indicated and desired); CalAIM Enhanced Care Management and Community Supports when appropriate; and other critical supports.

To ensure that Outreach Teams are connecting with individuals most in need, the County expects data-informed decision-making and accountability, including: accurate and timely documentation; use of disaggregated outcome data to identify and address disparities; continuous quality improvement to improve outcomes and reduce reliance on emergency, crisis, and law enforcement systems; and information-sharing that is consent-based and transparent.

Outreach operations must prioritize health and safety for participants and staff through clear protocols and coordinated response practices. Outreach serving youth and young adults must also be youth-centered and developmentally appropriate, including use of age-appropriate engagement strategies and YYA-appropriate referral pathways for minors and transitional-aged youth.

II. PROJECT DESCRIPTION AND EXPECTATIONS

A. Project Period

The contract award(s) will be made on a competitive bid basis. The anticipated initial contract period will run through the remainder of FY 2026-2027. The County may, at its sole discretion, renew the contract(s) for up to two (2) additional one-year periods, subject to funding availability, satisfactory performance, and County approval.

The County reserves the right to increase or decrease the contract amount, fund proposed services in whole or in part, and terminate, extend, or modify the program/contract(s) based on funding availability, performance, or programmatic need. The County anticipates re-procuring these services in FY 2028–2029.

B. Available Funding

There is a maximum of \$1,659,198 annual funding under this RFP (pro-rated for the first Fiscal Year based on program start date). Funding is to support four (4) adult-focused outreach teams geographically focused on Novato, San Rafael, Southern Marin, Central/West Marin; and one (1) youth/young adult countywide outreach team focused on unaccompanied youth (ages 12–17) and transitional-aged youth (ages 18–24).

The County may, at its discretion and subject to available funding, award additional funding in the future to one or more proposers determined qualified under this RFP, without issuing a new solicitation.

Applicants may propose to operate one or more outreach components (geographically focused team(s), the countywide YYA team). The County may make one or multiple awards and may fund components through separate awards based on best value and system needs.

Funding for outreach services is currently available through a combination of AB109 (Public Safety Realignment) and the Behavioral Health Services Act (BHSA) funds.

The projected sources of funds are:

- \$906,797: AB109 (Public Safety Realignment)
- \$269,198: Homelessness Housing and Prevention (HHAP)
- \$333,203: BHSA – Housing Interventions (Outreach and Engagement)
- \$150,000: BHSA - Full-Service Partnership (Assertive Field-Based Initiation for Substance Use)

AB109

Contractor(s) funded through AB109 must be prepared to comply with applicable program, fiscal, and reporting requirements. In Marin County, AB109 (Public Safety Realignment) requires the Probation Department to supervise non-violent, non-serious, non-sex offenders through intensive community-based programs, focusing on rehabilitation via local treatment, job training (such as embedded EDD counselors), and strict monitoring, aiming to reduce recidivism by offering support services alongside compliance checks, with coordination through the Community Corrections Partnership (CCP). Key requirements involve [case management](#), [reentry planning](#), connecting clients to services (mental health, housing), and collaborating with law enforcement for operations and data sharing, all under local control.

Outreach teams do not provide probation supervision or law enforcement functions. When appropriate and with participant consent, outreach staff may coordinate with the Probation Department to support engagement in services, facilitate warm handoffs, and reduce barriers to housing and behavioral health care.

BHSA

In March 2024, California voters approved Proposition 1 reforming the Mental Health Services Act of 2004 into the Behavioral Health Services Act (BHSA). The BHSA prioritizes services for people with the most significant mental health needs while adding the treatment of substance use disorders, expanding housing interventions, and enhancing accountability at the state and local levels. The BHSA has three components: Behavioral Health Services and Supports, Full-Service Partnerships, and Housing Interventions. Marin's BHSA Integrated Plan FY2026/27 – FY2028/29 can be found here: [MarinBHRS.org/MHSA](https://www.marincounty.org/behavioral-health-services-act). Contractor(s) funded through BHSA must be prepared to comply with applicable BHSA program and fiscal requirements, including expectations related to insurance screening/enrollment support and billing when services are reimbursable.

BHSA Goals:

- Reaching and serving high-need priority populations
- Increasing access to substance use disorder services, housing interventions, and evidence-based and community-defined practices, and building the behavioral health workforce
- Focusing on outcomes, transparency, accountability, and equity

All BHSA-funded contractor(s) must comply with:

- All program requirements applicable to the contractor's BHSA-funded services
- [BHSA fiscal policies](#) on Medi-Cal participation and seeking reimbursement from Medi-Cal and other payers (if applicable to the service)
 - Securing Medi-Cal Payment
 - Participate in the County's Medi-Cal Behavioral Health Delivery System (BHDS)

- Check for and support Medi-Cal enrollment
 - Consistently bill Medi-Cal BHDS
- Securing Payment from Commercial Health Insurance
 - Check commercial health plan insurance status
 - Consistently bill commercial insurance
 - Report on complaints about commercial health plan conduct
- BHRS and BHSA contractor(s) standards include meeting minimum provider qualifications, nondiscrimination requirements, and providing culturally competent services
- Marin County Behavioral Health and Recovery Services (BHRS) BHSA contractor(s) monitoring activities, including annual compliance monitoring and triennial onsite monitoring
- Participation in BHSA-related training and technical assistance (TTA) opportunities. For the Field-Based Substance Use Treatment Initiation components, DHCS has selected Health Management Associates to provide TTA.
- Any requests for records, information, or onsite access by Marin County, DHCS or their designees for purposes of BHSA oversight. (In general, DHCS expects counties to monitor BHSA contractor(s), while DHCS monitors counties. However, DHCS reserves the right to directly monitor BHSA contractor(s) as needed.)

C. Target Population

- This project is intended to serve people experiencing **unsheltered homelessness** in the County of Marin with a primary night-time residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings, including but not limited to a car, park, abandoned building, bus or train station, RV or trailer without hookups to electricity, water and plumbing, or camping ground.
- Outreach teams must prioritize engagement with individuals and families who are **most disconnected from services** and face elevated risks and barriers, including the following priority populations:
 - People disconnected from, or reluctant/unable to access, the homeless system of care and/or behavioral health services
 - People with mental health and/or substance use conditions
 - People at elevated overdose risk including those with a known history of overdose reversal and/or active substance use while unsheltered
 - People recently involved with the justice system, including reentry populations, CARE Court, BHRS-eligible and enrolled populations
 - People experiencing racial, linguistic, or other disparities, including immigrant communities and underserved groups
 - Youth and Young Adults (YYA) experiencing homelessness or housing instability, including Unaccompanied Youth (ages 12–17) and Transitional Aged Youth (ages 18–24). Priority should be given to YYA disproportionately impacted by homelessness, including Black, Indigenous, and youth of color; LGBTQIA+ youth; pregnant and parenting youth; youth with disabilities; and youth with child welfare or juvenile justice involvement.
 - BHSA Outreach funding should be used primarily to outreach to people with potential serious behavioral health conditions with a focus on those in encampments or who are chronically homeless.
- Services must be culturally responsive and designed to reduce racial and ethnic disparities in access and outcomes. Services must include **linguistic capacity to effectively engage diverse communities including, at minimum, at least one outreach worker per team must be fluent in Spanish.**
- The **geographically focused outreach teams** may serve people of all ages, including youth and young adults, and must be prepared to appropriately engage and refer youth and young adults encountered

in the field, consistent with safety, consent, and youth-serving protocols to youth-appropriate resources.

- The **countywide Youth and Young Adult (YYA) outreach team** is exclusively dedicated to serving unaccompanied youth (ages 12–17) and transitional-aged youth (ages 18–24).

D. Project Description

Marin County Health and Human Services (HHS), Divisions of Homelessness and Coordinated Care (HCC) and Behavioral Health and Recovery Services (BHRS), are seeking one or more providers to design and implement:

- Four (4) geographically focused, housing-focused outreach teams to serve
 - (1) Novato,
 - (2) San Rafael,
 - (3) Southern Marin (Sausalito, Mill Valley, Tiburon, Belvedere), and
 - (4) Central/West Marin (Larkspur, Corte Madera, San Anselmo, Fairfax, Ross)
- One (1) countywide Youth and Young Adult (YYA) housing –focused outreach team focused on unaccompanied youth (ages 12–17) and transitional-aged youth (ages 18–24).

Applicants may propose to operate one or more components.

Teams will conduct proactive, field-based engagement and serve as a bridge into Coordinated Entry (CE), shelter and housing pathways, mental health and substance use services, including MAT, and CalAIM Enhanced Care Management (ECM) and Community Supports, as appropriate.

1. Service Delivery Model

Contractor(s) must provide services utilizing the following minimum model approaches:

- **Field-based, proactive engagement:** Staff spend most of their time in the field identifying, engaging, and building relationships with people experiencing unsheltered homelessness, with services delivered in locations where people are living and congregating.
- **Paired outreach and peer involvement:** Staff will work at minimum in pairs and incorporate people with lived experience of homelessness to strengthen engagement and navigation through the system of care.
- **Timely response capacity:** Services will be delivered on a regular schedule and include capacity to respond to outreach requests and wellness checks as soon as possible, and no later than 48–72 hours.
- **Temporary caseload approach:** Proposers may include a temporary, time-limited caseload model in which outreach staff carry no more than 6–8 participants per worker to provide intensive engagement and follow-through for individuals not currently enrolled in CalAIM ECM or County-funded housing-based case management. Caseloads must align with best practice standards, including a defined transition plan, and be limited to participants within the team’s assigned geographic area. This approach must not supplement core outreach functions and may not impede full coverage of the designated service area.
- **YYA countywide team – youth-centered approach:** Outreach and engagement must be youth-centered, trauma-informed, voluntary, and culturally responsive, prioritizing relationship-building with youth and young adults who may be disengaged, system-avoidant, or at risk of entering homelessness. Services should include street-based and community-based outreach and prevention-focused engagement when appropriate.

2. Core Services

Contractor(s) must provide or actively facilitate the following services, directly and/or through documented partner arrangements:

- **Basic needs and immediate stabilization:** Survival aid, hygiene kits, and harm reduction supplies; wellness checks; and support during emergencies (e.g., severe weather), including facilitation of access to emergency shelter when activated.
- **Housing-focused problem solving and linkage:** Housing navigation and referrals to shelter and housing resources; support with documents and steps needed to access housing pathways; transportation support to critical appointments as feasible.
- **Coordinated Entry (CE) access:** Conduct CE-approved assessments and support timely completion of assessments and necessary revisions/decliner forms consistent with County process.
- **Benefits, healthcare, and behavioral health linkage:** Connection to County benefits and partner resources (food, clothing, healthcare, behavioral health), including transportation support as feasible.
- **SUD screening, engagement and overdose prevention:** Outreach teams must be equipped to identify and engage individuals living with SUD and directly provide or connect them to substance use services, including MAT when indicated and desired; provide naloxone/harm reduction tools, and overdose education consistent with program protocols. Outreach teams are also expected to conduct assertive field-based outreach in settings where significant numbers of individuals living with SUD are located and/or areas with high rates of overdose reversals, which may include hospital Emergency Departments (EDs), homeless encampments, interim housing and permanent supportive housing units set aside for people formerly living in homeless encampments, syringe services programs, jails, and other identified areas may also be expected.

YYA Countywide Team – Additional Required Components

- **Youth Outreach, Engagement, and Systems Navigation:** Conduct countywide outreach and engagement with unaccompanied youth (ages 12–17) and transitional-aged youth (ages 18–24) experiencing homelessness or housing instability, and support YYA to understand and access Coordinated Entry, housing pathways, and related resources.
- **YYA Coordinated Entry (CE) Case Conferencing:** Organize and facilitate **bi-weekly** CE housing placement case conferences for YYA, in coordination with the Marin County HCC CE Team. Use CE/HMIS priority lists to maintain a youth-specific By-Name List, confirm assessment status, identify barriers, assign action steps, and distribute follow-up notes documenting decisions and next steps.

Warm Handoffs and Participant Choice

Outreach must prioritize warm handoffs to housing and service partners (e.g., accompaniment to first visit, being present on first call, coordinated introductions) to reduce barriers and increase follow-through. Information sharing must be consent-based and transparent: Providers must explain what information is needed for referrals, support participants in weighing risks/benefits, and ensure participants control how, when, and with whom information is shared. Written Releases of Information may be required for certain services and are preferred in all instances. Releases of Information **must be revocable, with reasonable alternatives offered when appropriate.**

Partnerships and Coordination

Teams will participate in Coordinated Entry and outreach coordination structures (e.g., outreach coordination, encampment coordination, and Coordinated Entry case conferencing as applicable) and collaborate with HCC's Coordinated Care Initiative, BHRS Justice Care Links and BHRS Full-Service Partnerships/Substance Use System of Care. **Teams will coordinate support and referrals with justice-system partners (e.g., Probation) as applicable to reduce unnecessary justice involvement and improve access to services.**

Data and Documentation

Contractor(s) must maintain accurate and timely documentation in County-required data systems, including HMIS/WIZARD, and update records for street outreach engagement consistent with County data

quality expectations. **A full description of Reporting and Performance Requirements is located in Section F.**

Training and Staff Readiness

Providers must ensure staff are trained and supported to deliver housing-focused, trauma-informed, culturally responsive outreach. Training topics should include, at minimum:

- Housing First
- Motivational interviewing and engagement strategies
- Harm reduction, naloxone distribution, and overdose prevention/response
- Crisis response and de-escalation
- SUD screening, engagement and service linkage, including MAT pathways
- Cultural responsiveness, language access, and equity-centered practice
- Safety protocols for field-based outreach
- Awareness of available services and referral/linkage pathways

E. Intended Outcomes, Goals, or Objectives:

GOALS

1. Deliver integrated, low-barrier, housing-focused outreach that meets people where they are—combining housing navigation and CE access with harm reduction and practical supports that build trust, improve immediate safety, and reduce barriers to services.
2. Strengthen integration and coordination with BHRS, CE/Homeless System of Care, CalAIM partners, and justice-system partners (as applicable) using warm handoffs, shared referral pathways, accurate and timely data, and ongoing case coordination.
3. Engage and connect individuals living with Behavioral Health conditions to mental health and substance use services, including MAT.
4. Provide countywide, youth-centered outreach and navigation that improves YYA access to Coordinated Entry, housing resources, and supportive services.

OUTCOMES

1. Increased entries and enrollment into Coordinated Entry (CE) and the homelessness system of care, including increased placement into shelter and housing from street outreach, increased enrollment in CalAIM Enhanced Care Management (ECM) and Community Supports, and faster completion of CE assessments and necessary revisions (within 3–5 days of engagement for initial assessment when feasible).
2. Improved safety and overdose prevention among people experiencing unsheltered homelessness and substance use disorders (SUD), including reduced fatal and non-fatal overdoses, increased access to naloxone/harm reduction tools, increased referral to and linkage with SUD treatment, including MAT, overdose education, and timely crisis response supports.
3. Increased engagement with individuals with criminal justice involvement, resulting in reduced need for law enforcement involvement, and reduced engagement with the criminal justice system through appropriate referral pathways and coordination.
4. Increased engagement of underserved populations, reflected in outreach engagement with people experiencing racial and ethnic disparities.
5. Increased engagement of youth and young adults (YYA) experiencing homelessness or housing instability and increased successful connections to youth-appropriate housing pathways and services.
6. Increased enrollment of YYA in Coordinated Entry processes and improved identification/resolution of barriers through regular YYA case conferencing.

OBJECTIVES

1. Engagement, equity, and data accuracy (person-centered, culturally responsive):
 - Conduct consistent field-based engagement (encampments, street locations, shelters/drop-in points as appropriate) using nonjudgmental, autonomy-centered practices.
 - Provide culturally responsive services; and maintain accurate, up-to-date information on the location and needs of people experiencing homelessness in Marin County who are not assigned to case management, including documentation of unduplicated participants engaged, repeat contacts, and participant-identified needs/priorities.
2. Harm reduction, SUD engagement, and overdose prevention (health and safety):
 - Provide harm reduction tools and education (including naloxone distribution and overdose response training).
 - Actively engage and connect individuals living with SUD to substance use services, including MAT when indicated and desired; implement an overdose response and follow-up approach (as feasible); report referral and linkage to treatment counts.
 - Report distribution/training counts and overdose response activity (e.g., reversals when reported).
3. Coordinated Entry access, rapid assessments, and warm handoffs to housing and services (timeliness + coordination):
 - Connect people experiencing homelessness to the CE and the system of care; provide CE-approved assessments and prioritize revisions/decliner forms when appropriate.
 - Facilitate completion of assessments within 3–5 days of engagement when feasible and necessary revisions as soon as possible.
 - Support placements into shelter and housing; facilitate warm handoffs (including accompaniment/first-call support when possible) to BHRS, CalAIM ECM/Community Supports, and other providers.
 - Coordinate referrals as appropriate with the Marin County Probation Department to reduce criminal justice involvement.
 - Maintain participant control of information-sharing/consent; and track referral outcomes and timeliness (e.g., time from referral to appointment/service connection and key housing milestones—vendor proposes targets aligned with County/BHRS/CE workflow).
4. Conduct consistent countywide outreach and engagement with YYA:
 - Provide warm handoffs to Coordinated Entry, shelter/housing pathways, and youth-appropriate supportive services.
 - Facilitate bi-weekly YYA Coordinated Entry case conferencing, maintain a youth-specific By-Name List, track action steps, and document barriers and resolutions.

All proposals that pass the initial technical review will be submitted to a selection committee that shall evaluate and rank the proposals. The committee will be comprised of parties knowledgeable about the services sought by this RFP from diverse backgrounds, **including persons with lived experience from the target population of this RFP**, representatives from other county departments, representatives from local advisory boards or community based organizations, and/or any other individuals that HHS deems capable and appropriate for the selection of potential providers. The committee shall not include any potential contractor(s), and no committee member may apply or assist others in applying for this contract.

The purpose of the evaluation is to determine which applicants demonstrate the skills, expertise and experience to successfully perform the tasks specified in the RFP. Each committee member will read and score each proposal using a standardized scoring instrument. The scoring instrument will reflect the requirements of the RFP. A copy of the scoring instrument that will be used can be found in [Attachment C](#). The County reserves the right to seek clarifying or additional information from applicants, potentially including site visits or agency interviews.

The committee will make an award recommendation to the Directors of HCC, BHRS and the Director of Health and Human Services, or designee, who will make the final recommendation to the Marin County Board of Supervisors or County Administrator.

Prior to making an award, the County may choose to conduct interviews with applicants. The purpose of the interviews would be to ask follow-up questions that may arise from the review committee and collect any additional information not gleaned from the Proposals. The County may also request additional information necessary to determine the applicant's financial stability, ability to perform on schedule or willingness to incorporate additional features in the proposal, and any other relevant information necessary to make the award.

Once a decision is made, a Notice of Intent to Award will be emailed to all applicants evaluated by the committee.

The Department Director or designee will provide a written response to the protest, including any action that will be taken, if applicable. The decision of the Department Director or designee shall be final.

C. Post Award

Once the Notice of Intent to Award has been issued, the provider selected will be contacted to execute the County's Standard Professional Services Contract. At that time, the selected provider and the County may discuss adjustments to the budget and the scope of work. **No other provisions of the County's Standard Professional Services Contract will be negotiated.** Refer to Attachment D for a copy of the County's Standard Professional Services Contract.

The applicant grantee awarded a contract under this proposal process will be required to adhere to the reporting requirements set forth by HHS, as well as to provide any additional data needed to satisfy other County, state, or federal reporting requirements.

In addition to any other available remedies, County may suspend payment to the Contractor for any services provided during any time that insurance was not in effect and until such time as the Contractor provides adequate evidence that Contractor has obtained the required coverage.

7. ANTI DISCRIMINATION AND ANTI HARASSMENT:
